

Occupational Health and Safety (OHS) Policy For Bundoora Secondary College

Bundoora Secondary College recognises it has a responsibility to provide and maintain a working environment that is safe and without risks to individual health and welfare. This responsibility extends to all employees, students, parents, contractors and other visitors to the school site.

School management is committed to providing a safe working environment through the implementation of risk prevention and reduction strategies that are integrated into all school activities. A consultative, co-operative approach between employees and management on OHS issues will be encouraged.

This policy is consistent with:

- (a) The DE&T Mission Statement that schools provide a safe and appropriate teaching and learning environment for both staff and students and
- (b) The school's legal obligations under the Victorian OHS Act 2004 and Common Law duty of care.

OHS Co-ordinator) but the overall responsibility cannot be delegated. The nominated OHS management representative may **not** also act in the role of elected staff Health and Safety Representative (HSR).
