School Strategic Plan - 2022-2026

Bundoora Secondary College (7874)

<p>School vision</p>	<p>School vision and values Empowering a life long love of learning to thrive in a rapidly changing world. We live by our school values Respect, Responsibility, Resilience, Relationships and Rigour (the 5 Rs).</p>
<p>School values</p>	<p>School purpose The core purpose of this College is to provide a broad and challenging education in order to develop students' 21st Century skills, abilities and knowledge needed as a foundation for further education, training, work and community participation.</p>
<p>Context challenges</p>	<p>The school is currently experiencing increased demand and enrolment. Whilst this is changing the SFO and SFOE is slightly adjusting, BSC is in medium band. There are 5 EAL students, 9 Koorie students, 5 International students and 24 PSD students. The greatest challenge is to cater form all learners. The low number of PSD students does not reflect the 60% of students with additional learning needs weather emotional, social or undiagnosed cognitive.</p>
<p>Intent, rationale and focus</p>	<p>Our College plan of what we are trying to achieve is built on 4 pillars.</p> <ol style="list-style-type: none"> 1) We highly value academic excellence and we equally value the development of engaged, resilient, compassionate and caring global citizens who will contribute positively in the rapidly changing, globally connected digital age. 2) We prepare our students for life after school by off ering students a learning environment where they can discover and embrace their passions. 3) Our young people take control of their decision making, learning pathways and learning methods. We believe the best schools know the needs and hopes of their students and supports them to make their mark on the world. 4) Students need to be able to shine their own light — in ways that express the unique value they bring to the world. When students shine their own light, their learning is deeper. <p>Our aim is to develop graduates who are well-rounded individuals with multiple options and strong values to guide their conduct in the school and broader community.</p> <p>This is important as the world is rapidly changing and our students needs this new paradigm in order to survive and thrive.</p> <p>We are prioritizing:</p> <ul style="list-style-type: none"> -Community engagement -Real life experiences -Respect for diversity
